100% FREE
UNLIMITED REPORTERS

Organization-Based Subscription — Unlimited Staff Reporters Free on Every Plan

Replace paper suggestion boxes and fragmented spreadsheets with a unified safety platform: **staff scan a wall QR code to report hazards with photos in 30 seconds without logging in**, while Safety Teams manage status workflows, receive instant alerts, and export **Excel (.xlsx) reports with embedded photos**.

WHY SAFEREPORT WINS

Three Core Pillars Engineered for Modern Safety & Compliance Teams

100% Self-Serve Site Configuration

Whether managing a 36-floor hotel or a 10-building factory, admins configure custom Locations, Floors, Departments, Hazard Types, Logo, and Brand Colors in-app.

✓ Adapts to Any Industry Without Code

Zero-Login 30-Second QR Photo Reporting

Post QR codes across your facility. Staff scan, snap a photo (auto-compressed <170 KB), select risk level in Thai or English, and submit in 30 seconds — zero login friction.

✓ Maximizes Frontline Participation

Closure Workflow & Excel Photo Export

Role-based admin console tracks every report from New → In Progress → Closed with follow-up notes, and exports Excel (.xlsx) files with embedded photos for committee audits.

✓ Complete Audit Trail & ISO 45001

Enterprise Multi-Tenant Security & Compliance

- **Strict Multi-Tenant Isolation:** Tenant data is isolated under `orgs/{orgId}` with Firebase Auth email login for admins and write-only anonymous QR access for reporters.
- **Automated Alerts & AI Triage Assistant:** Instant email notifications for High/Critical hazards, weekly/monthly safety committee digests, and human-verified AI risk categorization.
- **Read-Only Grace Mode on Expiry:** Organizations never lose access to historical audit data (Read-Only mode on expiry), supporting annual Invoice/PO and Stripe billing.
- **License Alerts Compliance Bundle:** Save an extra 15% when bundled with License Alerts (licexpiry.com) for unified permit & workplace safety compliance.
